1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of Tega Cay Water Service for 12+ years.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I resent paying the high prices we pay for water and sewer when other areas of Tega Cay, all of Fort Mill and all of Rock Hill pay considerably less. I've been actively following all of the notices, both good and bad, about Tega Cay Water Service for years. The many spills and lack of response to the citizens they are supposed to serve is appalling. Since they received permission for their last rate increase, no significant improvements to their system have been made. We are already receiving less service for our money than we are entitled to and to award TCWS another rate increase would amount to rewarding them for their shoddy service and total disregard for the people they "serve".

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

Not at this time, but reserve the right to change my mind at a later date.
